

## FOR IMMEDIATE RELEASE

Jacksonville, FL - We are so proud of our Jacksonville franchisee, Grace Huxtable-Mount!

The Women Business Owners of N. Florida and Professional Women's Council (part of the Jacksonville Chamber of Commerce) has awarded Grace the 2011 Franchisee of the Year Award, as a TLE Franchisee.

There were 30 nominees, whittled down to 3 finalists. Selection included two separate applications and interviews. Grace was originally nominated by the Beaver Street Enterprise Center, which is a non-profit center that provides help and advice for small business owners.

The interview criteria were based on how the individual's business has grown, their committee involvement, mentoring other small business owners, adversity, personality and appearance, and their role in their company.

In Grace's role as the Franchisee of the Year, she will participate in community events, speak and present at various community business activities and be part of the selection committee for next year.

Grace and her husband, Jason, have operated the Jacksonville TLE since May 2009, and have a one and a half year old daughter named Mya. Mya attends TLE while Mom is at work.

Grace and Jason are looking forward to opening their second location. We are very proud of Grace for accomplishing such a wonderful status in her community.

Grace Huxtable- Mount
